samuelkey.com

Web developer with an eye for clean, modern design. My passion for teamwork and collaboration stems from my background in communications and event management. I love problem solving and detail oriented work. I am always looking for new opportunities to learn and grow in both my professional career and personal life.

Skills

Ruby on Rails
HTML5/CSS3
Javascript
jQuery
Bootstrap
Adobe CS
DOM
APIs
JSON
AJAX
Heroku
Git
SQL
eCommerce
Shopify
Liquid

Work Experience

Sustain Creativity, Feb 2016 - Present
Web Developer
-Translated PSDs into responsive, pixel-perfect websites using HTML/CSS
-Created functional eCommerce sites using jQuery and AJAX
-Worked closely with clients to help translate their vision into actual sites while working within the limitations of a CMS
-Self taught 'liquid', Shopify's templating language
-Collaborated with other developers to achieve goals within strict deadlines
-Created and modified images using Adobe CS

The Angus Barn Ltd., Feb 2008 - May 2015
Event Manager/Dining Room Manager
As a manager in the hospitality industry I learned a lot about teamwork and collaboration, as well as how to be an effective communicator in fast paced and demanding environments.
-Coordinated private events for groups of up to 1,100 guests.
-Led a team of servers while working with kitchen staff, clients and vendors.
-Managed dining rooms for one of the largest privately owned restaurants.
-Clients included Google, Lenovo, IBM and Cisco, and other local, national and international companies.

Education

General Assembly, June 2015 - Sept 2015
Web Development Immersive
Full-stack web development program based on common best practices in object-oriented programming, MVC frameworks, data modeling and test-driven development. Developed a portfolio of both individually focused and collaborative projects.

East Carolina University, May 2009 - BS in Communications, Art and Design minor
